In case the number of books are less than 10,000 as before will be reduced, if it is more than 10,000 books some will be added.

In future purchase of new books will be bar coded by our library staff, for which we need to purchase only polyester labels which costs @ 40 paise / label.

This ~~is~~ amount is in line with our earlier purchase. Only thing there is slight increase of cost of the hardware like keyboard, printer and scanner, due to 1% rate. (6.25% i.e. 25000/-) in total cost of project.

So I request you to kindly approve the same and do the needful.
